ABOUT CHPC

THE STATECreated the California Housing Partnership more than 25 years ago as a private nonprofit organization with a public mission: to monitor, protect, and augment the supply of homes affordable to lower-income Californians and to provide leadership on affordable housing finance and policy. Since 1988, the California Housing Partnership has assisted more than 100 nonprofit and local government housing organizations leverage more than $8 billion in private and public financing to create and preserve 30,000 affordable homes.
The California Housing Partnership calls on state leaders to take the following actions to provide relief to low-income families struggling with the high cost of housing:

» Invest at least $1 billion from the state’s General Fund surplus into established state programs prioritizing the lowest-income households.

» Expand the California Low Income Housing Tax Credit. (**AB 2817**)

» Improve the value of the California LIHTC by up to 40% at no cost to the state. (**SB 873**)

» Give state voters the opportunity to approve a new housing bond similar to **SB 879**.

» Authorize local governments to use tax increment financing for locally approved affordable housing benefit districts and to issue bonds. (**AB 2031**)

» Reaffirm cities’ authority to require the inclusion of a percentage of homes affordable to low- and moderate-income households in new rental housing development. (**AB 2502**)

» Streamline local approvals including environmental review for 100% affordable housing developments consistent with local plans and zoning.

**LOCAL RECOMMENDATIONS FOR SAN MATEO COUNTY**

» Work with all cities to pass development impact fees sufficient to generate at least $100 million a year to fund affordable housing production.

» Pass a Countywide Housing Bond to fund affordable homes for low-income families, seniors, and the homeless, as well as innovative approaches to addressing the region’s housing needs.

» Improve local transportation investments to better leverage competitive state and federal funding.

» Link local investments in health care to affordable housing and services that improve health outcomes for lower-income households.

» Create financial incentives to encourage all cities to provide their fair share of housing.

» Adopt or strengthen regulations to limit rent increases to reasonable cost of living adjustments.

» Adopt or strengthen laws to prevent evictions without justification.

» Limit conversion of rental housing to condominiums to reduce displacement.

» Prioritize affordable housing development on publicly-owned land.

» Continue to advocate to increase Section 8 voucher rents and invest in local rent studies and outreach to landlords so that more local renters can afford to stay in our county.
