WHAT DO RENTERS IN ALAMEDA COUNTY HAVE LEFT AFTER PAYING RENT?

About CHPC

The state created the California Housing Partnership nearly 30 years ago as a private nonprofit organization with a public mission: to monitor, protect, and augment the supply of homes affordable to lower-income Californians and to provide leadership on affordable housing finance and policy. Since 1988, the California Housing Partnership has assisted nearly 200 nonprofit and local government housing organizations leverage more than $13 billion in private and public financing to create and preserve 65,000 affordable homes.
The California Housing Partnership calls on state leaders to take the following actions to provide relief to low-income families struggling with the high cost of housing:

» Create new sources of long-term revenue dedicated to producing and preserving affordable homes by passing the Building Homes and Jobs Act (SB 2) and an expansion of the state Low Income Housing Tax Credit (AB 71).

» Give voters a chance to approve new state funding for affordable housing by passing the Affordable Housing Bond Act of 2018 (SB 3).

» Lower the voter approval threshold for local housing infrastructure bonds to 55% as it is for education facility bonds (ACA 4).

» Reduce the loss of existing affordable homes by strengthening the State Preservation Notice Law through improved monitoring and enforcement (AB 1521).

» Restore the ability of local governments to require apartment developers to include affordable rental homes within each development (AB 1505).

LOCAL RECOMMENDATIONS FOR ALAMEDA COUNTY

» Allocate Measure A1 housing bond quickly and efficiently while maximizing the leveraging of state and federal funding for the households most in need.

» Encourage cities to use business taxes on rental property to fund the creation and preservation of affordable rental housing.

» Protect existing affordable rental housing by limiting condo conversions and preventing loss of single-room occupancy hotels.

» Adopt or increase inclusionary housing requirements, housing impact fees, and commercial jobs/housing linkage fees.

» When public land suitable for residential development is sold or leased, require that it be used for affordable housing.

» Require inclusion of affordable homes as a condition of rezoning, relaxing development standards, or reducing parking requirements.

» Prioritize transportation funds to reward cities that are doing their fair share to provide affordable housing and prevent displacement.

» Streamline the approval process for 100% affordable housing developments.
